|---|---|---|---|---|---|---|
| **Regulated Signs** | Holcombe | 3 NOV 10 | **24 MAY 11** | | | |
| Campaign signs regulation deserve some discussion because they seem to get out of control during the campaign season. Also the new fascia business signage at Chapel Hill Road and Cary Parkway has been the source of a number of complaints. | | | | | | |
| **Transit Stations in Morrisville** | Martin | 18 NOV 10 | **28 JUN 11** | | | |
| There seems to be fractured guidance concerning the number of and the placement of future transit stations in Morrisville. | | | | | | |
| **Appointment/Reappointment, Vacancy Notice of Advisory Committee and Board Membership** | Holcombe | 8 FEB 11 | **26 JUL 11** | | | |
| The current process of receiving applications for appointment appears to limit the public's knowledge of opportunities to request appointments to various town committees and boards. Town Council should discuss further their perceptions and desires and provide additional guidance to achieve the Town Council's goals. | | | | | | |
| **(No) Tethering of Dogs** | Holcombe | 8 FEB 11 | **23 AUG 11** | | | |
| During a previous "Public Comments" opportunity a resident reported that in her neighborhood a resident tethers a dog. She believes that tethering is a mistreatment of dogs and that the town should follow suit with other towns adopt an ordinance that prohibits tethering of dogs. | | | | | | |
| **Cell Towers** | Johnson | 28 FEB 11 | **27 SEP 11** | | | |
| Should the town's zoning ordinance be changed concerning the locations and appearance of cell towers? | | | | | | |

| **ITEMS BELOW: TC DISCUSSION COMPLETED - REMOVED FROM THE LIST WITH NEXT PUBLICATION** | | | | | | |
| **Stormwater Program** | Broadwell | 22 JUN 10 | **26 APR 11** | | | |
| What are the current stormwater controls mandates? What are current development stormwater management requirements? Should addressing flooding concerns be a part of the town's stormwater program? What are the revenue options to fund stormwater management efforts? Should stormwater management be an enterprise activity or a general fund activity? Should the development of and management of the stormwater program be conducted with town staff or should it be a contractor provided service? (26 APR 11) Amanda Boone, Engineering Department, gave a presentation of the status of the town's stormwater program and Phase II permit renewal. She explained the impact of the Jordan Lake rules and the EPA/NCDENR enforcement of Phase II regulations. After a thorough presentation and discussion it was determined that a briefing sheet will be prepared and presented at the appropriate time related to the establishment of a formal stormwater utility and assessment of relying on fees or property taxes as the primary funding source for the program. | | | | | | |
